Minister in the Ministry of Federal Affairs and Local Development from 2001-2002.

He is (as of August 2022) a central committee member of Nepali Congress Party and chief of Terai-Madhes Coordination Department.

Philippines

Archived from the original on March 19, 2023. Retrieved March 19, 2023. Sahoo, Ajaya K., ed. (March 30, 2021). Routledge Handbook of Asian Diaspora and Development - The Philippines, officially the Republic of the Philippines, is an archipelagic country in Southeast Asia. Located in the western Pacific Ocean, it consists of 7,641 islands, with a total area of roughly 300,000 square kilometers, which are broadly categorized in three main geographical divisions from north to south: Luzon, Visayas, and Mindanao. With a population of over 110 million, it is the world's twelfth-most-populous country.

The Philippines is bounded by the South China Sea to the west, the Philippine Sea to the east, and the Celebes Sea to the south. It shares maritime borders with Taiwan to the north, Japan to the northeast, Palau to the east and southeast, Indonesia to the south, Malaysia to the southwest, Vietnam to the west, and China to the northwest. It has diverse ethnicities and a rich culture. Manila is the country's capital, and its most populated city is Quezon City. Both are within Metro Manila.

Negritos, the archipelago's earliest inhabitants, were followed by waves of Austronesian peoples. The adoption of animism, Hinduism with Buddhist influence, and Islam established island-kingdoms. Extensive overseas trade with neighbors such as the late Tang or Song empire brought Chinese people to the archipelago as well, which would also gradually settle in and intermix over the centuries. The arrival of the explorer Ferdinand Magellan marked the beginning of Spanish colonization. In 1543, Spanish explorer Ruy López de Villalobos named the archipelago las Islas Filipinas in honor of King Philip II. Catholicism became the dominant religion, and Manila became the western hub of trans-Pacific trade. Hispanic immigrants from Latin America and Iberia would also selectively colonize. The Philippine Revolution began in 1896, and became entwined with the 1898 Spanish–American War. Spain ceded the territory to the United States, and Filipino revolutionaries declared the First Philippine Republic. The ensuing Philippine–American War ended with the United States controlling the territory until the Japanese invasion of the islands during World War II. After the United States retook the Philippines from the Japanese, the Philippines became independent in 1946. Since then, the country notably experienced a period of martial law from 1972 to 1981 under the dictatorship of Ferdinand Marcos and his subsequent overthrow by the People Power Revolution in 1986. Since returning to democracy, the constitution of the Fifth Republic was enacted in 1987, and the country has

been governed as a unitary presidential republic. However, the country continues to struggle with issues such as inequality and endemic corruption.

The Philippines is an emerging market and a developing and newly industrialized country, whose economy is transitioning from being agricultural to service- and manufacturing-centered. Its location as an island country on the Pacific Ring of Fire and close to the equator makes it prone to earthquakes and typhoons. The Philippines has a variety of natural resources and a globally-significant level of biodiversity. The country is part of multiple international organizations and forums.

Krishna

Pennsylvania Press. pp. 148–150. ISBN 978-0-8122-1585-4. Johannes de Kruijf and Ajaya Sahoo (2014), Indian Transnationalism Online: New Perspectives on Diaspora - Krishna (; Sanskrit: कृष्ण, IAST: Kṛṣṇa Sanskrit: [ʈkrʰʂʂʌ]) is a major deity in Hinduism. He is worshipped as the eighth avatar of Vishnu and also as the Supreme God in his own right. He is the god of protection, compassion, tenderness, and love; and is widely revered among Hindu divinities. Krishna's birthday is celebrated every year by Hindus on Krishna Janmashtami according to the lunisolar Hindu calendar, which falls in late August or early September of the Gregorian calendar.

The anecdotes and narratives of Krishna's life are generally titled as Krishna Līlā. He is a central figure in the Mahabharata, the Bhagavata Purana, the Brahma Vaivarta Purana, and the Bhagavad Gita, and is mentioned in many Hindu philosophical, theological, and mythological texts. They portray him in various perspectives: as a god-child, a prankster, a model lover, a divine hero, and the universal supreme being. His iconography reflects these legends and shows him in different stages of his life, such as an infant eating butter, a young boy playing a flute, a handsome youth with Radha or surrounded by female devotees, or a friendly charioteer giving counsel to Arjuna.

The name and synonyms of Krishna have been traced to 1st millennium BCE literature and cults. In some sub-traditions, like Krishnaism, Krishna is worshipped as the Supreme God and Svayam Bhagavan (God Himself). These sub-traditions arose in the context of the medieval era Bhakti movement. Krishna-related literature has inspired numerous performance arts such as Bharatanatyam, Kathakali, Kuchipudi, Odissi, and Manipuri dance. He is a pan-Hindu god, but is particularly revered in some locations, such as Vrindavan in Uttar Pradesh, Dwarka and Junagadh in Gujarat; the Jagannatha aspect in Odisha, Mayapur in West Bengal; in the form of Vithoba in Pandharpur, Maharashtra, Shrinathji at Nathdwara in Rajasthan, Udupi Krishna in Karnataka, Parthasarathy in Tamil Nadu, Aranmula and Guruvayoorappan (Guruvayoor) in Kerala.

Since the 1960s, the worship of Krishna has also spread to the Western world, largely due to the work of the International Society for Krishna Consciousness (ISKCON).

Ajaya: Roll of the Dice
