The pronoun chi (for - Genoese, locally called zeneise or zeneize (Ligurian: [zeˈnejze]), is the prestige dialect of Ligurian, spoken in and around the Italian city of Genoa, the capital of Liguria.

A majority of remaining speakers of Genoese are elderly. Several associations are dedicated to keeping the dialect alive, examples of which are A Compagna in Genoa and O Castello in Chiavari.

Written literature has been produced in Genoese since the 13th century, and the orthography has evolved in-step with the language. There are currently two spelling systems in common use, with varying degrees of standardisation. One, proposed in 2008 by the cultural association A Compagna, attempts to closely match in writing the pronunciation of the now-extinct variant of Genoese which used to be spoken in the Portoria neighbourhood of Genoa. Another spelling system was proposed by a group of writers, journalists and academics by standardising the traditional orthography of 19th- and 20th-century Genoese newspapers. This is the spelling used, amongst others, by the academic world as well as by *Il Secolo XIX*, the largest print newspaper in the region.

Genoese has had an influence on the Llanito vernacular of Gibraltar.

It premiered at the Burgtheater in Vienna on 1 May 1786. The opera's libretto is based on the 1784 stage comedy by Pierre Beaumarchais, *La folle journée, ou le Mariage de Figaro* ("The Mad Day, or The Marriage of Figaro"). It tells how the servants Figaro and Susanna succeed in getting married, foiling the efforts of their philandering employer Count Almaviva to seduce Susanna and teaching him a lesson in fidelity.

Considered one of the greatest operas ever written, it is a cornerstone of the repertoire and appears consistently among the top ten in the Operabase list of most frequently performed operas. In 2017, BBC News Magazine asked 172 opera singers to vote for the best operas ever written. The Marriage of Figaro came in first out of the 20 operas featured, with the magazine describing it as being "one of the supreme masterpieces of operatic comedy, whose rich sense of humanity shines out of Mozart's miraculous score".

He was considered to be one of the most influential and legendary Mafia bosses of Sicily after World War II until his death in 1954. In the media, Don Calò was often depicted as the "boss of bosses" – although such a position does not exist in the loose structure of Cosa Nostra.

Vizzini was the archetype of the paternalistic "man of honour" of a rural Mafia that disappeared in the 1960s and 1970s. In those days, a mafioso was seen by some as a social intermediary and a man standing for order and peace. During the first stage of his career, he used violence to establish his position; the second stage of his career saw him limit his use of violence, turn to principally legal sources of income, and exercise his power in an open and legitimate manner.

Vizzini is the central character in the history of direct Mafia support for the Allied Forces during the invasion of Sicily in 1943. After World War II, he became the personification of the reinstatement of Cosa Nostra during the Allied occupation and the subsequent restoration of democracy after the repression under Fascist rule. Initially, he supported the separatist movement, but changed allegiance to the Christian Democrat party, when it became clear that Sicilian independence was unfeasible.

When Vizzini died in 1954, thousands of peasants dressed in black and his funeral was attended by high-ranking mafiosi, politicians, and priests. The funeral epitaph stated, "His 'mafia' was not criminal, but stood for respect of the law, defense of all rights, greatness of character. It was love." His rise to power and persistence in power was nevertheless tied to extortion, violence, and murder. His stature as an all-powerful Mafia boss rose to mythical proportions, but historians from the 1990s onwards would assert that his magnitude was exaggerated.
