ELINT). The EP-3E generally has a crew of 24, including linguists, cryptographers and technicians. The squadrons that flew the EP-3E also flew the Lockheed - The Lockheed EP-3 is an electronic signals reconnaissance variant of the P-3 Orion, primarily operated by the United States Navy.

3e étage

3e étage (from the French 'Third Floor') is a dance company founded in 2004 by dancer-choreographer Samuel Murez, and based in Paris, France. 3e étage - 3e étage (from the French 'Third Floor') is a dance company founded in 2004 by dancer-choreographer Samuel Murez, and based in Paris, France.

3e étage dancers are all members of the Paris Opera Ballet, but the administrative and artistic direction are entirely independent from that company. 3e étage receives no subsidies, and operates entirely on income from performance sales to theaters, ticket sales of self-produced performances, and the support of private benefactors.

Grumman TBF Avenger

Avenger was the Royal Canadian Navy, which obtained 125 former US Navy TBM-3E Avengers from 1950 to 1952 to replace their Fairey Fireflies. By the time - The Grumman TBF Avenger (designated TBM for aircraft manufactured by General Motors) is an American World War II-era torpedo bomber developed initially for the United States Navy and Marine Corps and also eventually used by several air and naval aviation services around the world.

The Avenger entered U.S. service in 1942 and first saw action during the Battle of Midway. Despite the loss of five of the six Avengers on its combat debut, it survived in service to become the most effective submarine killer and most widely used torpedo bomber of World War II, sharing credit for sinking the super-battleships Yamato and Musashi and being credited for sinking 30 submarines. Greatly modified after the war, it remained in use until the 1960s.

From 1942-on, production of the Avenger (in fact nearly three quarters of its the total production) was subcontracted to a purposely established division of General Motors: the Eastern Aircraft Division.

Renault 5 E-Tech

'Renault R5 Turbo 3E Is A Modern EV Take On The Homologation Special'. Carscoops. MaxK (22 September 2022). 3rd Foreign Infantry Regiment

The 3rd Foreign Infantry Regiment (French: 3e Régiment Étranger d'Infanterie, 3e REI) is an infantry regiment of the Foreign Legion in the French Army - The 3rd Foreign Infantry Regiment (French: 3e Régiment Étranger d'Infanterie, 3e REI) is an infantry regiment of the Foreign Legion in the French Army. The regiment is stationed in French Guiana. Its mission includes the protection of the Guiana Space Centre, a European Space Agency (ESA) facility.

INSAT-3E

INSAT 3E is a defunct communication satellite built by Indian Space Research Organisation. It was launched on September 28, 2003, from the European Space Agency's spaceport in French Guiana on board the Ariane rocket. The satellite had a launch mass of 2750 kilograms. It is the 4th satellite launched in the INSAT-3 series for INSAT. It was designed for providing high-speed communication, Television, VSAT & Tele-education services and was an important landmark in Indian Space Programme.

In April 2014, almost eleven years after being launched, the satellite ran out of oxidizer and a few days later, was decommissioned by the ISRO. A few days later, it was moved into a graveyard orbit.

Editions of Dungeons & Dragons

just Dungeons & Dragons, but still officially referred to as 3rd edition (or 3E for short). It also served as the basis of a broader role-playing system designed - Several different editions of the Dungeons & Dragons (D&D) fantasy role-playing game have been produced since 1974. The current publisher of D&D, Wizards of the Coast, produces new materials only for the most current edition of the game. However, many D&D fans continue to play older versions of the game and some third-party companies continue to publish materials compatible with these older editions.

After the original edition of D&D was introduced in 1974, the game was split into two branches in 1977: the rules-light system of Dungeons & Dragons and the more complex, rules-heavy system of Advanced Dungeons & Dragons (AD&D). The standard game was eventually expanded into a series of five box sets by the mid-1980s before being compiled and slightly revised in 1991 as the Dungeons & Dragons Rules Cyclopedia. Meanwhile, the 2nd edition of AD&D was published in 1989. In 2000 the two-branch split was ended when a new version was designated the 3rd edition, but dropped the "Advanced" prefix to be called simply Dungeons & Dragons. The 4th edition was published in 2008. The 5th edition was released in 2014.
