Intro

Introduction to this week's guest Robert Greene

How Robert got interested in writing about power and strategy.

Common manipulation techniques

The difficulty of being honest

The ruthless industry and power structures of Hollywood and the music industry.

The 48 Laws of Power

Using power without being evil or manipulative.

Robert's favorite laws

"You think that the person above you, your boss, he or she seems so powerful and in control, you don't realize that they have insecurities, that they have an ego, that they have weaknesses and vulnerabilities. You assume that if you say something a little ambiguous that they laugh it off because they are above you and don't care about what you think or say, but the truth is the higher up you go in any hierarchy, the more insecure you become." Robert Greene

The Art of Seduction

The nine seduction types

The Star

Quote on seduction types. "You have one of these qualities in you; it's natural to you; you were born with it. Seduction isn't about beauty. It's about understanding human psychology." Robert Greene

The Coquette

The Natural

"Revealing to that other person that you have fallen under their spell is almost the most seductive thing you can do because it is deeply, deeply exciting to feel that that other person is charmed by us, but in order to do that, you have to be vulnerable." Robert Greene

Tips on being vulnerable
