Now that Was Only Palpable When People Didn't Fear the Return of Labor because People Weren't Going To Take Shares in Private Industries if They Thought They Could Be Realized It's Labour Party Won but the Landslide Victory in 1983 Meant There Was no Fear of Labor Coming Back so You Could Do Nationalize and some Industries Were under Priced When They Were Sold to the Public Nigel Lawson Said that Wasn't the Wholly Bad Thing because It Meant Large Profits for the Shareholders and Therefore Convinced Many People that Privatization Was Good Thing That They Should Buy Shares

And some Industries Were under Priced When They Were Sold to the Public Nigel Lawson Said that Wasn't the Wholly Bad Thing because It Meant Large Profits for the Shareholders and Therefore Convinced Many People that Privatization Was Good Thing That They Should Buy Shares and by 1988 1990 Most of the Public Utilities Nationalized by the Acne Government Had Been Denationalized the Main Major Utilities Remaining State-Owned with the Railways and the Mines and the Railways When They Took Themselves Privatized Now Privatisation Was Not a Merely Increasing Economic Efficiency if that Had Been the Only Aim the Thing To Do Would Be To Sell the State Assets to Existing Companies and Private Operators

... the **End**, of the 1980s There Were More Shareholders in ...

The Conservatives Have Put Forward the Ideal of Property-Owning Democracy and Added to that Now Was an Ideal of a Capital Owning Democracy so You Had a New Conservative Electorate Self-Employed the Small Shopkeepers of Skilled Workers Who Wants To Better Themselves Could Become Middle-Class Gradually by Owning Houses by Owning Capital and the Argument Was if You Want To Get On in Life the Conservatives Are on Your Side People Who Never Expected To Do So Were Now Owning Houses and Shares

And a Lot of the Things Done by Margaret Thatcher Were Done by Governments of the Late in Other Countries like Australia and New Zealand New Zealand in Particular Done by Labor Government's and to some Extent Her Policies Were Inevitable in a Period of Globalization They Were Dictated by the Markets but no Less Their Effects Were Considerable One Important Consequence Was the Creation of New Labor the Abolition of Clause 4 and Labour Party's Constitution by Tony Blair in 1995 Priority To Control the Inflation Stressing the Role of Competition a Smaller State Sector Lower Taxation Lesser the Role for the Trade Unions

The Abolition of Clause 4 and Labour Party's Constitution by Tony Blair in 1995 Priority To Control the Inflation Stressing the Role of Competition a Smaller State Sector Lower Taxation Lesser the Role for the Trade Unions the Blair Governs in Fact Took a Smaller Share of of National Income in Tax and Margaret

Thatcher at any Time Even Including Borrowing Margaret Thatcher Took Forty Five Point Four Percent in National Income in Tax Tony Blair 39 Points Percent 1997 Was a First General Election since the Labour Party Was Formed When Nationalization Was Not on the Agenda Indeed the Question for Most People Was Not Which Industries Will Labor Nationalize

But She Did Not Spectacularly Increase the Growth Rate the Growth Rate Was Actually Lower Not Only in the Fifties and Sixties but Even in the Despised 1970s and that Was in Part due to Mass Unemployment Now It's Fair To Say the Growth Rate Everywhere in the 80s Lower than It Had Been in Almost all Countries so Perhaps You Can't Blame Her for that but We Mustn't Forget We Had the Benefit of North Sea Oil We Were Self-Sufficient in Fuel Supply in the Early 80s and You May Say this Gave Us a Unique Chance To Outperform Other Countries Which We Didn't Achieve

And Perhaps We're Now Seeing the Consequences the Long Drawn-Out Social Consequences in All the Arguments about Bankers Bonuses Sense of Responsibility and Societies on but at another Long-Term Consequence of Fatalism and this Is a Dilemma that if You Want Successful Capitalism You Have To Engineer a Certain Sort of Society in Which these Virtues Have Thrift and Self-Reliance and All the Rest of It Our Problem How Do You Do It It's a Problem the Conservatives Didn't Resolve It's Fair To Say It's a Problem That Tony Blair and Gordon Brown

He Said One Man with a Dream at Pleasure Shall Go Forth and Conquer a Crown and Three Will a New Song Measure Can Trample a Kingdom Down and You Can Argue that Margaret Thatcher Trampled the Kingdom down the Kingdom of Statism Inherited from a War Years and Conquered a Crown by Helping To Create a Society Based on the Tenets of Economic Liberalism She Helped Create a Youth Consensus Which the Rise of New Labor Validated a New Common Ground Based on the Market Economy and So Her Heirs Are Not Only John Major and David Cameron
