

WS

W. S. Merwin

In this book you'll learn the concepts of SOAP based Web Services architecture and get practical advice on building and deploying Web Services in the enterprise. Starting from the basics and the best practices for setting up a development environment, this book enters into the inner details of the JAX-WS in a clear and concise way. You will also learn about the major toolkits available for creating, compiling and testing SOAP Web Services and how to address common issues such as debugging data and securing its content.

Advanced JAX-WS Web Services

To what extent is a great comic writer the product of his time? How far is he (or she) influenced by factors of personal psychology upbringing and environment? To what is the writing actually part of a long continuum in which there is continuity within change and change within continuity? The Progress of Fun considers principally the last of these areas, focussing on the case of W.S. Gilbert and challenging the frequently held view that he is pre-eminently a typical Victorian. This it does by tracing his roots back to Ancient Greek comedy and to the various comedic developments that have dominated Western Europe thereafter. Also included is a careful examination of the constraints and limitations that in various forms have long affected comedy-writing, and an evaluation of Gilbert's particular skills and legacy within the on-going process. The whole is a suitable prelude to a second volume (Pipes and Tabors) which will consider Genre in W.S. Gilbert, again relating it to comedic precedents and the universally timeless within the particular.

W.S. Gilbert and the Context of Comedy

Ecopoetry of W. S. Merwin embarks on a journey into the poetic world of W. S. Merwin, a master of language whose profound relationship with nature transcends conventional boundaries. Merwin's poetry is not merely a collection of verses; it is a philosophical reflection on the human connection to the environment, deeply rooted in the principles of Deep Ecology. Through an analysis of selected works, this book not only delves into the literary dimensions of Merwin's environmental consciousness but also traces the evolution of his life—from a celebrated poet to an activist cultivating a personal sanctuary in the form of a palm forest in Hawaii.

Ecopoetry of W. S. Merwin

This book examines the lyric poetry of the late modernist W. S. Graham. By listening closely to his body of work, it exposes the capacity of a poem to describe itself being made in the mind of a reader. The study locates an idea of lyric self-consciousness not only at the level of ego, but as a process of form. Archival material – including worksheets, manuscripts and notebooks – is used to examine Graham's spatial conception of verse in the context of his industrial background and his dialogue with artists. The book offers close readings of the adjacent poetics of William Empson and Veronica Forrest-Thomson, and concludes with a sustained analysis of Denise Riley's long-term engagement with Graham's poetry, which suggests how Graham's lyric experiments can be politicised.

W. S. Graham and Lyric Self-Consciousness

Discover the science-based wellness-enhancing powers of water, wholesome foods and beverages, walking, weight training, stretching, sleep, sunlight, and fresh air remarkably optimizing mental and physical health

and performance! Written during the COVID-19 pandemic amidst a fast-paced and medically advanced 21st Century world touting costly prescription and over-the-counter pills and dietary supplements (with potentially risky side effects), *Follow 4 Ws to Wellness Including Stretching, Sleep, Sunlight and Fresh Air!* guides readers toward a slower tempo, safer, refreshingly simplified, and natural wellness path. Filled with healthful-inspiring nostalgic songs, popular lyricists and singers, motivational quotes from medical and fitness professionals, celebrities, historic figures, Biblical and Italian proverbs, and longevity-producing lifestyles of residents in imaginary places, this down-to-earth book profoundly impacts individuals of all ages, athletes, and non-athletes alike. About the Author Rutgers University graduate and Certified Strength and Conditioning Specialist Jim Carpentier, C.S.C.S., served thirty plus years in health and fitness as a YMCA Associate Health and Wellness Director, personal trainer and massage therapist, high school strength and conditioning coach, athletic conditioning specialist for Montclair State University's Sports Medicine Department and Football Team (Montclair, N.J.), and has written five hundred plus published wellness/sports conditioning articles for STACK.com, Better Nutrition, Coach and Athletic Director, Men's Exercise, Men's Workout, Natural Bodybuilding, and American Fitness magazines and other publications. He and his cherished wife, Rosemarie, reside in New Jersey and are devoted walkers practicing a healthy lifestyle.

Follow 4 Ws to Wellness: Including Stretching, Sleep, Sunlight, and Fresh Air!

William Stanley Jevons occupies a pivotal position in the history of economic thought, spanning the transition from classical to neo-classical economics and playing a key role in the Marginal Revolution. The breadth of Jevons's work is examined here which: * includes a detailed consideration of a wide range of his work-policy, theoretical, methodological, applied and empirical * relies on textual exegesis * takes account of a wide range of secondary sources A new approach to the 'Jevonian revolution' is adopted, which emphasizes the link between poverty and economics and focuses on the nature and meaning of rationality in Jevonian economics.

The Economics of W.S. Jevons

****W. S. Merwin's Poetic Universe: A Journey Through the Four Books**** is a captivating exploration of the profound depths of W. S. Merwin's poetic universe. Through ten thought-provoking chapters, this comprehensive guide unravels the intricate tapestry of Merwin's words, inviting readers to immerse themselves in the realm of his poetic genius. From the evocative silence that permeates his verses to the vibrant dance of perception that unfolds in his lines, W. S. Merwin's Poetic Universe: A Journey Through the Four Books delves into the essence of Merwin's poetic craft. Each chapter unveils a facet of Merwin's artistry, revealing the alchemy of emotion, the tapestry of nature, and the architecture of belief that shape his poetic vision. With eloquence and passion, Pasquale De Marco celebrates Merwin's unwavering commitment to language and his profound understanding of the human condition. Pasquale De Marco traces the evolution of Merwin's poetic voice, from the early echoes of silence to the mature symphony of his later works. This comprehensive guide invites readers to embark on a transformative journey through the mind and heart of a literary master. Through W. S. Merwin's Poetic Universe: A Journey Through the Four Books, readers will gain a deeper appreciation for Merwin's extraordinary contribution to American poetry and the enduring legacy of his words. Whether you are a seasoned admirer of Merwin's work or a newcomer to his poetic world, W. S. Merwin's Poetic Universe: A Journey Through the Four Books offers an unparalleled opportunity to delve into the depths of his imagination and experience the transformative power of his verse. Pasquale De Marco brings a fresh perspective to the study of Merwin's poetry, offering insightful analysis and captivating exposition. W. S. Merwin's Poetic Universe: A Journey Through the Four Books is not merely a literary critique but a celebration of the enduring power of poetry to illuminate the human

experience. If you like this book, write a review on google books!

A Study Guide for W. S. Merwin's "Leviathan," excerpted from Gale's acclaimed Poetry for Students. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust Poetry for Students for all of your research needs.

A Study Guide for W. S. Merwin's Leviathan

Have you ever been disappointed in your vacation? Have you ever travelled with someone who spoiled the whole trip for you? Have you ever booked your trip with a tour operator who turned out to be unreliable? The smallest detail can turn your vacation from bliss to disaster! By using these insiders tips you will turn every vacation you plan into the perfect trip you dream about. Let journalism's five Ws - Who, What, Where, When, & Why - help you discover your own, personal travel style so you can plan the perfect vacation that is suited exactly to your personality. Asking yourself, Why do I want to take this trip? Why am I choosing this particular travelling companion? Why am I travelling at this time of year? could make the difference between enjoying a trip filled with exciting memories versus an abysmal disappointment.

Ad-----l M-----ws's Conduct in the Late Engagement Vindicated

A comprehensive research and study guide to five of the poems of W.S. Merwin.

The 5 Ws of Travel

Reinforced concrete structures are subjected to a complex variety of stresses and strains. The four basic actions are bending, axial load, shear, and torsion. Presently, there is no single comprehensive theory for reinforced concrete structural behavior that addresses all of these basic actions and their interactions. Furthermore, there is little consistency among countries around the world in their building codes, especially in the specifications for shear and torsion. Unified Theory of Reinforced Concrete addresses this serious problem by integrating available information with new research data, developing one unified theory of reinforced concrete behavior that embraces and accounts for all four basic actions and their combinations. The theory is presented in a systematic manner, elucidating its five component models from a pedagogical and historical perspective while emphasizing the fundamental principles of equilibrium, compatibility, and the constitutive laws of materials. The significance of relationships between models and their intrinsic consistencies are emphasized. This theory can serve as the foundation on which to build a universal design code that can be adopted internationally. In addition to frames, the book explains the fundamental concept of the design of wall-type and shell-type structures. Unified Theory of Reinforced Concrete will be an important reference for all engineers involved in the design of concrete structures. The book can also serve well as a text for a graduate course in structural engineering.

W. S. Merwin

David Nowell Smith draws on newly available archival materials to examine the work of British poet W. S. Graham. This book views Graham's work in light of the idea of the poem as 'art object', looking at both his written and visual/mixed-media artworks.

Higher-grade English [by W.S. Dalgleish]. By W.S. Dalgleish

In 1919, Michael Collins conceived of a scheme to knock out the eyes and ears of the British Administration

at Dublin Castle by undermining and terrorising the police so that the British would react blindly and drive the Irish people to support of the Irish Republican Army. The Bureau of Military History interviewed those involved in this scheme in the early 1950s with the assurance that the material would not be published in their lifetimes. A few of the contributions were made available by the families of those involved, but the bulk of them have only recently been released. This is the first book to make use of those interviews. It makes fascinating, almost unique reading, because they contain first-hand descriptions in which men speak candidly of their involvement in killing selected people at close range. As a result it throws a considerable amount of new light on the activities of the Squad and the intelligence operations of Michael Collins.

Unified Theory of Reinforced Concrete

Elizabeth A. Kaye specializes in communications as part of her coaching and consulting practice. She has edited Requirements for Certification since the 2000-01 edition.

W. S. Graham

W.S. Frazier & Co., Road-Carts, Aurora, Illinois. Includes road-carts and information about the manufacturing materials used. Also includes black & white photographs of the road-carts manufactured.

The Squad

This edition includes four plays and one libretto, covering more than twenty years of the dramatist's career: The Palace of Truth (1870), Sweethearts (1874), Princess Toto (1876), Engaged (1877) and Rosencrantz and Guildenstern (1891). The collection demonstrates that Gilbert was an original dramatist in his own right. The sophisticated irony of his plays challenged the conventions of the Victorian burlesque and sentimental comedy by demanding, and receiving, an intelligent response from the audience. George Rowell's useful and thorough introduction, which presents the theatrical background to Gilbert's development, also shows the dramatist's influence on Pinero, Wilde and Shaw. Gilbert's style combines a technique rarely realistic and stretching to fantasy with a tone apparently cynical and in fact deeply pessimistic. This odd pairing of fantasy and fatalism was recognized by his own and later generations as 'Gilbertian' and the term has been widely applied even outside the theatre.
