The first game in the series, Broken Sword: The Shadow of the Templars, was released and developed in 1996 by British developer Revolution Software. Its sequel, Broken Sword II: The Smoking Mirror, was released a year later, and was followed by Broken Sword: The Sleeping Dragon in 2003, Broken Sword: The Angel of Death in 2006, and Broken Sword 5: The Serpent's Curse in 2013. A remake of the first game in the series, known as Broken Sword: Shadow of the Templars – The Director's Cut, was released in 2009, and a remake of the second game in the series, Broken Sword: The Smoking Mirror – Remastered, in 2010 for iOS devices; other platforms followed in 2011.

The main protagonists of the series are George Stobbart, an American patent lawyer, and Nicole "Nico" Collard, a French freelance journalist. While Nico does not appear as a playable character in the original version of The Shadow of the Templars, she does become playable in the Director's Cut.

The Broken Sword series was conceived in 1994 by Charles Cecil, Noirín Carmody and Sean Brennan, while talking about the mythology of the Knights Templar. The first three games in the series as well as the fifth game were developed by Revolution Software, while the fourth game was co-developed by Revolution and Sumo Digital. The Shadow of the Templars and The Smoking Mirror were critical and commercial successes, selling millions. However, The Sleeping Dragon and The Angel of Death received mixed reviews and were not as popular as the first two games. This was mainly due to the switch to 3D graphics and because the third game left the "point and click" interface for a more action-oriented gameplay. The latest game in the series, The Serpent's Curse, returned to the series' 2D roots. The series appeared on several top adventure game lists. A comic book was produced for each remake of the first two Broken Sword games.

An inland mining city, it is near the border with South Australia on the crossing of the Barrier Highway (A32) and the Silver City Highway (B79), in the Barrier Range. It is 315 m (1,033 ft) above sea level, with a cold semi-arid climate, and an average rainfall of 265 mm (10.4 in). The closest major city is Mildura, 300 km (190 mi) to the south and the nearest State Capital City is Adelaide, the capital of South Australia, which is more than 500 km (310 mi) to the southwest and linked via route A32, the Barrier Highway.

The town is prominent in Australia's mining, industrial relations and economic history after the discovery of silver-lead-zinc ore led to the opening of various mines, thus establishing Broken Hill's recognition as a prosperous mining town well into the 1990s. Despite experiencing a slowing economic situation into the late

1990s and 2000s, Broken Hill itself was listed on the National Heritage List in 2015 and remains Australia's longest running mining town.

Broken Hill, historically considered one of Australia's boomtowns, has been referred to as "The Silver City", and less commonly as the "Oasis of the West", and the "Capital of the Outback". Although over 1,100 km (680 mi) west of Sydney and surrounded by desert, the town has prominent park and garden displays and offers a number of attractions, such as the Living Desert Sculptures. The town has a high potential for solar power, given its extensive daylight hours of sunshine.

In the Broken Hill region, the major Aboriginal language groups are the Paakantji, Mayyankapa, and Nyiimpaa.
